

10690 Whittaker Road A MUST SEE! This freshly remodeled 3 bed, 2 bath turn of the century farm house is situated on a sprawling 2.15 acres. It is a rebuild from the studs just three years ago! Just inside the tasteful entry door, you'll find hickory floors in the very spacious living room which leads to an eat in kitchen with cherry cabinetry, granite countertops and a large walk in pantry. Step through the French doors of the master suite and you'll be swept back in time to a 1900's era en suite bathroom with a claw foot tub. New roof, gutters, Pella windows, newer furnace and A/C, plumbing, electric, and kitchen appliances. The yard comes with a brand new Amish built shed (with electric), pool, chicken coop and chickens if the buyers wish! This home boasts elegance and space from room to room.
